Day 7 (BLD): CAIRNS TO ATHERTON TABLELANDS

Friday 1 August 2025

This morning, we make our way through the region known as the **Atherton Tablelands**. The region is a rather unique place in Australia and what makes it so special is the combination of its geographic location in the Tropics (between 400 and 1100 metres), its pleasant climate and the volcanic activities which have shaped large parts of its landscape. One of the most dramatic examples of this is **Lake Barrine** – a beautiful volcanic crater lake. It's here we enjoy a

relaxing cruise on the lake before lunch in the **Lake Tearooms**. Next, we visit the remarkable **Curtain Fig Tree**, with its curtain of aerial roots that drop 15 metres to the ground. Large basalt boulders cover the forest floor which is probably why the forest here wasn't cleared for farming – and why the tree remains standing. Continuing to **Gallo Dairyland**, we hear about the cheese making process and sample some of the yummy products overlooking the dairy farm. After an interesting day we arrive in **Mareeba** for our overnight accommodation. Dinner tonight will be at **Mareeba Leagues Club**.

Thursday 4 September 2025

Today we cruise over the warm waters of the Indian Ocean onto **Rottnest Island**. With its white sandy beaches, crystal clear blue waters, rare marsupials and rich history, we are in for a wonderful day of discovery. The day includes return ferry to the island, lunch and a guided coach tour – as well as some free time to relax and enjoy this tranquil place.

DAY 42 (BLD): PERTH TO BUSSELTON:

Friday 5 September 2025

For some of us, our holiday has come to an end. After breakfast, we transfer to the airport for our flight home (breakfast in motel).

For those of us staying on the tour, we leave Perth behind and arriving in **Busselton**, a town with a 1.8-kilometre jetty. After lunch in a restaurant on the foreshore we jump on the leisurely train, taking in 360-degree views across the Indian Ocean as we journey across the calm, clear waters. At the end of the jetty is the **Underwater Observatory**, giving us the opportunity to experience one of Australia's greatest artificial reefs. Descending 8 metres

below the surface, we'll be led through the natural wonders that lie beneath the jetty. The reef is host to an awe-inspiring forest of vividly coloured tropical and sub-tropical corals, sponges and fish. Our accommodation is situated ideally with the beach at its back door so why not feel the sand between the toes and enjoy a stroll prior to dinner.

Day 43 (BLD): MARGARET RIVER:

Saturday 6 September 2025

Witness the diversity of the **Margaret River region** today when we visit wonderful produce stores and see amazing landscapes. This morning, we call into **Vasse Virgin**, a natural soap factory. Here we'll witness the soap makers at work as they hand blend a variety of luxurious natural body products using the finest extra virgin olive oil. Feel the difference in products at the various testing stations, especially for those who have allergies or sensitive skin. Next, we visit **Mammoth Cave**. The magical, gothic like limestone cave is a natural time capsule, home to the ancient fossil remains of the long-extinct giant animals known as Australian Megafauna. The **Interpretive Centre** will tell us more about the history of the caves after our viewing. Travelling to the rocky headland of **Cape Leeuwin**, we enjoy lunch before a walk up to the lighthouse, through an area often ablaze with wildflowers and the point where the Southern and Indian Oceans meet. A visit to the Margaret River region wouldn't be complete without a **wine tasting**, which is where we finish our day.

Abbey Beach Resort, Busselton (PH: 08 8755 4600)

Day 44 (BLD): PEMBERTON:

Sunday 7 September 2025

We arrive in Pemberton, a town with quaint streetscapes that remain intact from the original settlement. Here we visit the famous giant, **Gloucester Tree** – reputed to be the tallest tree mounted fire lookout in the world! For lunch we visit The Pemberton Hotel. Next, we explore the "**Valley of the Giants**" from the tree top walk. Amidst the tangle of foliage is the tree top walk that provides amazing views over the wilderness and opens a world of birds and flowers most people never see. It's a peaceful experience with quiet spots to sit and reflect on the special nature of the forest. We arrive in **Albany**, a town steeped in history of dramatic whaling, convicts and settlers.

Day 45 (BD): ALBANY:

Monday 8 September 2025

The charming town of Albany marks the spot where the first European settlers set foot in Western Australia. Much of their legacy remains today with colonial buildings standing proudly as museums, galleries and cafes. Albany is also known as the birthplace of the Anzac story and is home to the **National Anzac Centre**. The state-of-the-art museum uses multimedia, interactive exhibits and historical artefacts to create a deeply personal connection with the past and pay tribute to those who served in WWI. This afternoon we travel to nearby **Albany's Historic Whaling**

Station. Built in the remains of a former whaling station, it is the only museum of its kind in the world. On our way back to town, we stop to view the southern coastline of the **Torndirrup National Park**. There are several natural attractions here including the Salmon Holes and Blow Hole – each providing great views of the coast.

Ace Accommodation Albany (PH: 08 9841 2911)

Day 46 (BLD): ALBANY TO HYDEN:

Tuesday 9 September 2025

We head through the stunning **Stirling Ranges National Park** for great views of **Bluff Knoll**, the highest and one of the most spectacular peaks in southwestern Australia. Keep your eyes peeled for the wildflowers that usually come out at this time of year. We enjoy our picnic lunches while soaking up the views. This afternoon we continue to **Hyden** where we check into our overnight accommodation.

Breakfast and dinner in motel | Packed lunch included
Hyden Wave Rock Hotel Motel (PH: 08 9880 5052)

Day 47 (BD): HYDEN TO KALGOORLIE:

Wednesday 10 September 2025

We are met by our local guide to show us one of Western Australia's most famous landmarks, **Wave Rock**. Walk through the wildflowers and see the magnificent, prehistoric rock formation. Marvel at the shape and size of this phenomenon. Geologists believe the original formation was vertical but has been sculptured and coloured by chemicals over millions of years to form its wave like character. Later this morning we start our drive up to meet with the Great Eastern Highway which will take us through Coolgardie to **Kalgoorlie-Boulder** for our next two night's accommodation.

Breakfast and dinner in motel | Lunch at own arrangements and cost
Railway Motel, Kalgoorlie (PH: 08 9088 0000)

Day 48 (BD): THE GOLDFIELDS:

Thursday 11 September 2025

We are in for a very interesting day! We will put on a high visibility vest and safety glasses to experience a tour of Australia's largest gold producing mine, **the Super Pit**. We now have some free time in town to check out the shops and purchase lunch. Later this afternoon, we visit **Hannons North Tourist Mine**. This provides a unique experience that combines an historic gold mine with interactive galleries, a changing display of art works and contrasting landscapes.

Wander through the Historic Precinct to experience a slice of life of prospectors and miners 100 years ago.

We finish our touring at **The Museum of The Goldfields** to discover the role Kalgoorlie has played in the development of the state, both as a centre for mine and its place at the edge of the Nullarbor Plain. After a fascinating day in the goldfields, we return to our motel to freshen up for dinner.

Day 49 (BLD): KALGOORLIE TO BALLADONIA:

Friday 12 September 2025

What a day we have as we start our trek across the vast **Nullarbor Plain**. From Kalgoorlie we travel via Kambalda to **Norseman**. Located in the main street is the statue of the horse “Norseman.” The famous horse allegedly pawed at the ground and unearthed a nugget of gold that started the Norseman gold rush. From here we turn to east and head out across this vast expanse of Australian landscape and onto our overnight stop, **Balladonia**.

Day 50 (BLD): BALLADONIA TO EUCLA:

Saturday 13 September 2025

Another early start today as we continue our journey east across the Nullarbor Plain. Our destination today is **Eucla**, where the drifting sands have all but buried the old telegraph station. We stop along the way to enjoy our picnic lunches arriving in Eucla later in the afternoon.

Breakfast and dinner in motel | Packed lunch included

Eucla Motor Hotel (PH: 08 9039 3468)

Day 51 (BLD): EUCLA TO CEDUNA:

Sunday 14 September 2025

Not only is **Head of the Bight** a fantastic venue to view whales, it's also well worth visiting to view the Bunda Cliffs. These cliffs are 70 metres or so in height and are the remains of an ancient ocean bed that was subject to geological uplifting millions of years ago. Something remarkable to ponder is the fact that as we drive across the Nullarbor, we are in fact driving across the floor of an ancient seabed. From here we head to **Ceduna**.

Breakfast and dinner in motel | Packed lunch included

Ceduna Foreshore Hotel Motel (PH: 08 8625 2008)

Day 52 (BLD): CEDUNA TO PORT PIRIE:

Monday 15 September 2025

We made it across the Nullarbor! Today's journey takes us through Minnipa and Wudinna to **Kimba** where we take our late lunch stop – look out for the **Big Galah** and the **silos** art by Melbourne artist Cam Scale. The incredible silo depicts a young child in a wheat field at sunset. We pass by the small mining town of Iron Knob, then arrive in Port Augusta for an afternoon break before continuing to **Port Pirie** for our overnight stay.

BreakFree Port Pirie (PH: 08 8632 4200)

Day 53 (BLD): PORT PIRIE TO MILDURA:

Tuesday 16 September 2025

This morning, we travel through the small communities of Crystal Brook and Spalding to Burra where copper was discovered in 1845. We'll stop for our morning break here. Travelling to Renmark, there is a delightful short riverbank walk to the **Renmark Club**, which is our lunch venue today. We then stop at the tiny village of Paringa. It's here we have a fantastic **view down the Murray River of lock 5**. Navigating the Murray River wouldn't be possible without the series of locks and weirs that were built back in the 1920s and 1930s. Fourteen locks are currently still in use, including Lock 5 which we see

today. This afternoon we make our way across the border and onto **Mildura**.

Day 54 (BD): MILDURA TO GRIFFITH:

Wednesday 17 September 2025

We have a travel day today as we continue east to **Balranald** this morning before **crossing the vast Hay Plains to Hay**. Located on the banks of the Murrumbidgee near a natural crossing and at the intersection of the Sturt, Mid-Western and Cobb Highways, Hay has always been an important centre of transport and communications. It was a port for the riverboats that plied these waters and was a staging depot for Cobb and Co coaches. We have time to stretch our legs and purchase lunch and then continue through to **Griffith** for our overnight stay.

Day 55 (BLD): GRIFFITH TO MUDGEES:

Thursday 18 September 2025

We have an early start as we make our way through Forbes and Parkes before making our way to the **Wellington Caves Complex**. Here we'll be guided to the famous **Cathedral Cave**, featuring the Southern Hemisphere's and arguably the world's largest stalagmite. The limestone structure measures at 15 metres high and 32 metres around its base. A fascinating experience enjoyed by all. From here we make our way to **Mudgee** for our final night on tour.

Breakfast and dinner in motel | Packed lunch included

Day 56 (BL): HEADING HOME:

Friday 19 September 2025

Can you believe our epic journey is almost over? We're on the road early today as we begin to make our way home. We stop to enjoy our farewell **lunch at Kurri Kurri Bowling Club**. We arrive late afternoon back in Port Macquarie from an incredible Australian adventure.
